- Trash pick up for Earth Day
- Draw pictures for children in hospitals
- Recognize teachers during National Education Week

MS. MARY KRUSZKA & MS. NATALIE ZORN

Grades 1-8

We want Southtowns Catholic students to dream big, make an impact and change the world. Service projects will get our students and our school involved in the community.

This is not a club that will meet regularly, but rather when the need is there or an opportunity arises. Many of these pop-up sessions are off school grounds, will take place after school hours, and will require students to be driven. We suggest carpools. Parents will be notified in advance of an event.
